“ *Dear Mom.*

This is the first Christmas in my life without you. I sure miss you but I know you have seen all the trimmings and are watching us today. Merry Christmas Mom and Dad did go out and buy presents and put up the tree and stockings. So one of my promises to you was fulfilled. Ray and I have made sure dad has a Merry Christmas.

Love Richard

“ *I have always had a strong connection with my Aunt Betty. I feel that I inherited her crazy, strong, fun loving attitude in life and it's what I've always loved the most about her.*

There really are just too many fun memories to mention. She was always the one with the biggest laugh and doing fun crazy things with me and all my cousins. The best of those included our long family road trip to California. All of us in one big blue bus! That's all I'm going to say!

Family meant everything to Aunt Betty. I think everyone will agree that she truly was the glue that brought and kept us all together. Now we are on our own to keep it up in her honor. I know that is what she would want from all of us.

“ *My Aunt Betty was a wonderful and Godly woman that I was happy to call my Aunt. She had a personality that was larger than life and so much fun to be around. I remember playing Yahtzee with her at the beach in her trailer. She was very competitive and we had a blast. She will truly be missed by me and I know so many others. Love you Aunt Betty!*

“ Betty,

You truly were one of a kind and will be missed. You treated me like family from the first day Richard brought me home to meet you and for that I am blessed. We shared so many memories together and I'll never forget all the laughs and good times we had. I do miss you but I know you are now in a better place and finally able to be with your son and daughter that were taken away from you way too soon.

You will always have a special place in my heart - Love Sandy

“ *Dear Betty,*

Thank you for your warm heart, wonderful, loving, cheerful, positive personality and sense of humor, and for all the wonderful memories with all of your family camping, holidays, reunions, get-together just because. You always had a zest for life and for living. I also loved your spirit and stubborn fighter in you. I love that Nancy has so many of your qualities. I will never forget coming to your house at Christmas time and being "forced" to watch ice age with you (of course we all really wanted to). I am sure I speak for all of us when I say we loved to hear you laughing like a little girl. One thing I always appreciated about you was how you let me know you loved me too. I truly enjoyed all the conversations we had over the years, regardless of the topics, but especially about the Olympics this year. I always greeted you and said goodbye to you with a kiss on the top of your head. So, Betty, here is one last kiss for you and I pray you are running and jumping and laughing once again. Love, Greg

“ *Mom*

You were a light in my life and I will always remember you in my daily prayers. Your last wish for me to always love my wife, children, and grandchildren through good and bad and take care of dad is a request I can certainly do the remaining days of my life. Love you mom and you will be missed here for sure.
