June 7, 1959 - November 21, 2024

Brenda Grand was born on June 7, 1959 in Oregon city, OR, to Anthony R Grand and Barbara Jean Grand at a small Hospital In Oregon city, Or.

Brenda was one of 6 siblings With 2 older brothers Mike and Jack Bristol 1 older Sister Linda Bristol and 2 younger siblings Anthony and Mark Grand. While her oldest siblings were starting their lives with their own families and out of the home She helped raise her 2 younger siblings after abruptly losing her dad at the age of 17. She graduated from West Linn high school in 1977 Where She had many friends and made many memories in that small and quaint community that she held dear to her heart her whole life.

One evening at Marks bar a man saw a woman with her Best friend shooting Darts. He could tell her smile was bright and her laugh was infectious. He was to shy to go near her he thought she was way out of his league. He asked Kelly the bartender to give her a message that he wanted to meet her. Once delivered and a date arranged she showed up with her protectors... Her Brother Tony came in first to check him out while she got off of work her best friend Karen was also there eyeing him up. Once she arrived and everyone realized this shouldn't be to bad they got to have their first date. They ditched everyone and went to high rocks bar and the rest is history. With the good and the bad they pushed through. Being Married in Reno with her older Brother Jack and his Wife Linda present along with her mom Barbara. They finally tied the official knot on February, 11th, 1995. They were married for 29 years and lucky enough to be together for a total of 32 years before her passing.

They were blessed with one child Kelsie Jean Travis on May, 26, 1993. Brenda was so excited to be a mom and couldn't wait to hold her daughter for the first time. If Kelsie needed something Brenda was always there to nurture and guide her from adolescent to adult hood she was always near never far. Brenda went on to have 3 Grandchildren Jordan, Audrey and Kaiya. Aside from Kelsie those babies were her whole entire world. She never missed a sporting event, school event , haircut ETC. She loved them fiercely with every fiber of her being.

Brenda was Diagnosed with Non-small cell lung carcinoma in 2021. Although diagnosed she did not let it define her. She went into the battle fighting for her grand babies. For more time with them and more time with her Family. She was able to keep ahead of it with her amazing team at Compass Oncology and Providence and get another 3 years 4 months with all that loved her and who she loved. Through all of this she never stopped trying to be the caretaker for everyone. One role in this life that meant the most to her. She always had to know that everyone around her had what they needed. Her selflessness is one of the most loved traits out of the many amazing attributes she had.

“ *You will be missed by your cousin in South Carolina. I wished we could have seen each other more often, but distance kept us apart. However, our times together were cherished. I last saw Brenda at my mom's 90th birthday party. Her Aunt Cleo was so happy to have her Oregon family travel to Kentucky to celebrate. It was such a good time. Please know, we love you all. You are in our thoughts and prayers.*
