AN

“ i miss daniel more than anything. in middle school, i thought he was the kindest, most empathetic, optimistic and patient person ever. i could really use some of that optimism. daniel thank you for giving up your spot at lunch for me over and over, and thank you for the bracelet you gave me. we once talked about our lives after high school, and you told me you knew you wouldn't live that long. when i graduated and walked that stage without you, you were the only thing on my mind. it's been almost 10 years now, but i think about you all the time. daniel, i love you. and i miss you so much.
