“ Deeon, I'm really going to miss your sense of humor. I hope you're bowling a good Wii game. I'll see you again someday.

“ Deeon, You are the only woman I have ever held in a sneeze for, in fear that you would accuse me of having a cold. You were really a joy to be around and you had a very uplifting personality. I will miss you being a part of my life but I will never forget you. I love you :)

“ Deeon, I'm really going to miss the fun that we had with our names: my twin out of the bunch. They say "When one twin dies, the other one feels it" and that's how I feel now. I will miss you dearly. You are always in my heart and my thoughts.

“ I only knew you for such a short time, and yet you left a lasting impression on my heart that will never leave. You were and always will be a brave and loving woman, and it was a pleasure to know you until the Lord took you home.

“ Deeon you are an amazing person and example of what a friend should be. I think of you often and will miss you being a of my life. Thank you for being such an encouragement to me and for loving Liam so much. It amazes me how you could be so little about yourself and so much about everyone else. Oh to give you one more hug and talk again. I wish we had more time -until we meet again. You will always be remembered and always have a special place in our heart. Love Jodi

I will see you on the other side :)
