“ It is with great sadness that I write this note in Denise's guestbook. I will miss Denise both professionally and personally. I was out of town and not aware of when the Memorial Service would be or I would have been there for sure. Over the last 9 months I have been in regular contact with her and her family. Many trips to Providence Hospital and The Marque were spent just talking and visiting. I just re-read one of the emails Denise sent me on Jan. 13th and it said "Come visit me in the hospital, I will be in the short stay area". Well we all know that the "short Stay" area didn't happen at all and she was in and out of both the hospital and The Marque for 9 months. Denise was a brave and very caring person and I am go grateful that I got to know her through her time of working with me at BBSI and the time we spent while she was sick. When ever she was allowed to drink a Starbucks, I would always go out and buy her favorite drink and we would sit, chat and drink our Starbucks together. I don't think I will drink another Starbucks without thinking of Denise. She really suffered and worried about a lot of things over the last 10 months, now she is at peace with no more worries or suffering. Denise left me a voice message on Wednesday Sept. 1st saying that Jordyn was going to bring her to my office for a visit on Thursday or Friday. Unfortunately, she died in her sleep just 1 day before that reunion happened. I miss you Denise. Love, Neen Fitzwalter
