“ *It's been a while. I love you with all my heart Daddy. I miss you more each day but know you look down on me and guide me day by day. You are forever in my heart.*

“ *My dad was my rock, my hero. He was there for me when I needed him most and did everything he could to make me happy. He had a huge heart and was the best dad I could have ever asked for. It's not fair that im so young without my dad, but i guess it was his time. Though my time with him was short, he will always be in my heart. I love you and miss you Daddy. You will never be forgotten.*

“ My heart goes out to all of Don's family. I, like many of his friends (way way back), wished that we could have remained in touch with Don. However, the memories that I have of Don, as one of my best friends growing up, has been and always will be fond. He was a good person with a big heart and I am sure his children and their children know him this way as well. My love goes out to all of you. Please, feel free, when you have a moment to reach out. I was grateful to have known Don and shared some wonderful times of my youth with him and to know his family as well. Sincerely, David Moen (Van Nuys High School, Class of '76)

“ Oh My God this is horrible news. How could this have happened? I've been looking for Don for many years and could never locate him. Now someone from facebook that we went to high school with sent me this link. I feel so bad. If anyone from the family can reach me I would appreciate an email with contact information for you. Pat ("mom") I'm so sorry!
