“ *To Mary & Judy and all of our family!
What a wonderful life your Mother had!
As she is now looking down pain free with her beautiful smile. She is very proud of the celebration of her life that you have worked so hard to put together in her honor. What shows the most is the love that you have for one another that comes through in each photo.
As we send our love from my family to you with prayers. Branden said to me the other day that I have two Grandmothers I love Mary just as much as I do your Mom. It always takes a Kid to remind what life is about our families that we love. Of course he was complaining that it has been far to long since he has seen you all!*

“ *I am pleased to learn more about the life and times of Elsie Wilson, and regret I didn't have a chance to know her when she was flourishing.*

“ *What I learned from Grandma Elsie - was the ability to love and be loved unconditionally whether you were a family member or a honored adopted family member. A rock became a gem and a bonzai tree could bring joy to ones's life when this gift came with a Grandma Elsie smile. My children will always remember the Easter's spent at Grandpa Art and Grandma Elsie's home especially the year it was too wet to hide eggs outside and then we didn't find them all -it was a couple of years later when we did find one which didn't belong to the current year's eggs - we all laughed so hard. Grandma stated the chinese love their 100 year old eggs why not us.*

My family and I will always remember your love and kindness not to mention all the great cookies - thank you for allowing us to share your love and family. We will ALWAYS miss you!

“ *Mary and Judy*

I have such loving memories of your mother. The drug store where your mother worked was one of my very favorite places to shop in Canby. Her gracious service made it such a pleasurable shopping experience.

My loving thoughts are with you both.

“ Dear Judy and Mary as well as other Family Members,

My thoughts and prayers are with you all. My memories of Aunt Elsie are very fond even though were we not constants in each other's lives.

My dearest memory of her is when my father died and she and Uncle Art brought us in for dinner and Elsie brought out from her jewelry box items my father had given her over the years from his travels in the Pacific while in the navy. She had one item each for the three of Stan's girls to remember him by. I still have my item and this precious memory.

Love to you all,

Melody Nelson Burton
