“ *Hermes Birkin bags are probably one of the few items in the fashion industry that has no depreciating value. The price of the bags can go more than its original value depending on the rarity of the bag model. The older the Birkin bag model is, the higher the price probably is. Hermes Birkin bags being put on auctions can sometimes reach unimaginable prices, for example, one rare model of a Hermes Birkin bag have been sold in an auction for about roughly \$65,000.*
