

## Guy Ryan Livingston

May 30, 1971 - April 7, 2010

Guy was born at Willamette Falls Hospital on May 30th, 1971. His life came full circle and he passed away at Willamette Falls Hospital on April 7th, 2010. During those 38 years he was plagued with health issues that would have worn down normal men but Guy faced each in stride and had one of the brightest personalities anyone could hope to have. Follow along for a short history of his life.

Guy graduated from Oregon City High School in 1989 after a normal childhood. He was able to play football and golf while in school and was also a very good student. As an adult he became a Teamster and worked at the United Grocers Warehouse until medical hurdles forced him to step away from that occupation. He was briefly married but left in the care of better hands from his immediate family in 2002. He lived the rest of his life surrounded by loved ones closest to him and was a shining star of happiness for others to rely on. His passing was very sudden and unexpected but he was with the ones he loved when his time came. We all miss him greatly.

During the active portion of his life Guy was able to tag along with his brother on adventures and team sports that made many memories for them. He helped form a sponsored Paintball tournament team and played on that team for several years. After that the two switched to roller hockey and created a tournament team that took them to the US Finals Tournament in Orlando, FL.

He had a slapshot that scared most goaltenders and turned out to be an imposing defenseman. They loved hockey so much that the two of them took a 16 hour, straight through drive to Calgary in Alberta, Canada to watch the Red Wings play. Guy enjoyed trucks, loud stereos, Mustangs, and video games.

Guy's passing has left an empty space in many of our lives that we can only hope to fill with happy memories of him. Even though he was given a difficult road through life he managed to navigate that path like a champion. His ability to absorb adversity and maintain the most positive attitude should encourage all of us to do the same. He will remain in our thoughts and smiles. His memory will help to give us strength when our own struggles push back against us.

Guy, we will always love you and we will miss the spot of sunshine that you brought to our world.

“ *There have been a few unauthorized photos and guestbook entries that are best left off of Guy's memorial due to decency. Any postings (photo or text) are now held for the approval of the administrator to verify as appropriate. If they are approved they will surely be added to Guy's memorial.*

*That's what big brother's are for.*

*I still have your back, brother!*

*Note: There are internet entries floating around from a long since discarded portion of Guy's life. They are painting our family in horrible terms and at this time of grief that just seems evil.*

*Unfortunately it was expected to happen and we would simply ask you to stop. No one from your group attempted to care about Guy for the past 8 years so the Pseudo-Sorrow is unnecessary at this point. We have no contact by choice so leave it that way.*

*The long and sordid history of what was done is documented and so far has been kept private. We have no need to reopen that barrel of worms.*

*Remember Guy however you will and understand that we did the best for him. He knew that. Take a moment each month and smile. His pension check has just arrived.*

“ Well, He was my brother and I couldn't have asked for a better one. If I could wish him back for just 1 more day.... We would play hockey 1 more time.

*He didn't deserve the adversity that he was handed but made the most of it. In the end it was too much.*

*Thank you to all of the people that sent well wishes, cards, flowers, came to his service or remembrance. He would have been overwhelmed with the love and support on display for him and his family. It was a truly beautiful day for him.*

*I miss you Guybo.*

“ Hello, my name is Rob and I was one of the lucky ones to be on the hockey team that went to Florida with Guy. As said above in another message, Guy had a slapshot that scared a lot of people, me included, and I was on his team. He always told me if I didnt pass the puck to him he would try to hit me with it, I passed it to him alot. Guy, I have alot of respect for you and I will miss you. May you rest in peace my friend.

“ Even though I am sad about Guy's passing, I can't help but to have a smile on my face. My childhood is entwined with memories of playing with Brett and Guy. I can't imagine what my younger years would have been like without him.

“ Guy,  
Your laugh and smile seemed to always comfort those around you, no matter what the circumstances. Your determination for happiness through life will never be forgotten and will be my inspiration. It is an honor to have known you and to be called your friend....Guy, you will be forever missed....Rest in Peace!

“ This is an incredible memorial to Guy from an incredible brother. I saw for years the bond that never broke between you two and that was an honor to be a part of. You have done him justice. Thank you for bringing me into this wonderful family. And thank you for this wonderful tribute to him.
