“ *The Miraculous Fish Catch*

*This story takes place in the early 1960's
Off the coast of Southern California*

Like our Lord Jesus who taught from the a boat at the lake of Galilee Uncle John taught from a boat off the coast of southern California. Like in the Gospel of Luke (LUKE 5. 1-11). Peter spent all night and caught nothing. We spent all night and caught nothing we were all tired after being skunked. Then Uncle John who had not given up said let's try one more cast of our lines, let's move the boat where it is deeper, so we did, then uncle John's line began to RIP and he spent over an hour fighting and reeled in a giant, record breaking sheep head fish. His photo of great catch was placed in the news paper. My father Arthur Magdaleno was very proud of his young brothers miraculous catch. My father carried around the newspaper photo and often bragged and showed it to friends neighbors and co workers.

This was a great experience for me to never give up.

I call it the Mariculous Catch

God Bless Uncle Johnny
