

## Judith E. Klein

May 19, 1942 - July 19, 2017

On July 19, 2017 Judy Klein left this world to join her husband Chuck, daughter Debbie, 5 babies she miscarried, her parents and 4 brothers. Judy had hip surgery on July 11th and because she had pulmonary fibrosis, her lungs were already fragile and she could not recover when she came down with pneumonia. She passed away on July 19th with several friends and a wonderful ICU staff at her side at Providence Willamette Falls Hospital in Oregon City, Oregon. She was cremated and interred with her husband at the Willamette National Cemetery in Portland. Judy is survived by many friends, nieces, nephews, cousins, and her best buddies Alex and Tee Gee, her black miniature poodles.

Per her request, there will be no service or memorial. Any donations may be made in her name to Providence Willamette Falls Hospital or any Pulmonary Fibrosis research.
