“ *Judy was such a kind and loving person - and a heck of a lot of fun! As a fellow PWOP, I 'll remember all the good times we had, the laughter, the singing, and yes, the dancing! Condolences to her wonderful family.*

“ Mom #2 - I think of you always in all of your beauty, joy, and loving expression.

*'Many tender memories soften your grief,
May fond recollection bring you relief,
And may you find comfort and peace in the thought
Of the joy that knowing your loved one brought...
For time and space can never divide
...Or keep your loved one from your side
When memory paints in colors true
The happy hours that belonged to you.'

“ There are no words to express what I am feeling with you at this time...being that I was right where you are just a couple of months ago.....this is not about me but I want you all to know my heart is with you all.....I am so sorry for a life cut too short too young, I am so very sorry. there is a part of me that feels that my mama has already hugged yours and said welcome dear friend. My mama was so sad about yours becoming so sick so fast, she was just heart broken for all of you including Judy. So.....I am deeply saddened for this loss of another wonderful lady. I wish so much that there was the perfect thing to say...but there just isn't. Love to you all, and big hugs.....Me

“ A letter from Heaven arrived today.

To my dearest family, There's some things I'd like to say, But first of all, to let you know that I have arrived okay.

Im writting this from heaven, Here I dwell with God above, Where there's no more tears of sadness...there is just eternal love.

*Please do not be unhappy just because im out of sight, Remember that I am with you
Every morning , noon and night.*

*It was on Easter Sunday I had to leave you when my life on earth was through, God picked me up and hugged me and said
" I welcome you!"*

"It's good to have you back again, You were missed while you were gone: As for your dearest family, They'll be here later on"

*"I need you here badly, As you're part of my plan;
There's so much we have to do, To help our mortal man".*

*God gave me a list of things That he wished for me to do;
And foremost on the list Was to watch and care for all of you.*

When you lie in bed at night, With the day's chores put in flight, God and I are closest to you...In the middle of the night.

*When you think of my life on earth and all those loving years,
Because you are only human, They are bound to bring you tears.*

*But do not be afraid to cry, It does help to relieve pain;
Remember there would be no flowers Unless there was some rain.*

I wish I could tell you All that God has planned; But if I were to tell you, You really wouldn't understand.

*There is one thing for certain, Although my life on earth is over, im
closer to you now, than I ever was before.*

*There are many rocky roads ahead of you and many hills to climb;
But together we can do it By just taking one day at a time.*

*It was my philosophy and I'd like it to be for you too, that as you give
unto this world, The world will give back to you.*

*If you can ever help somebody Who's in sorrow or pain, then you
can say to God at night..."My day was not in vain"*

*For now I am contented, That my life was worthwhile; Knowing as I
passed along the way, I was able to make somebody smile.*

*So if you meet somebody sad and feeling low..Just lend a hand to
pick him up, As on your way you go.*

*When you're walking down the street and you've got me on your
mind; I'm walking in your footsteps Only half a step behind.*

*And when it's time for you to go From that body to be free,
Remember that your're not going..You're coming here to me.*

“ We loved, and will miss greatly, our wonderful friend and fellow PWOP, Judy. Her smile lit up her face and the room and people that she was with. We were so privileged to have known her. I loved our trips together - Hawaii, the beach trips, Pine Hollow, Hayden Lake - and what a wonderful cook! Love you so much Judy - I know you're with Bob and Jesus now! Myra
