

Leslie Fish

May 2, 1945 - January 28, 2026

A Marine at heart and an engineer by trade, Les spent his life in service to his country, his community, and his family. From the halls of the Post Office to his favorite fishing holes, he lived with a quiet strength and a “can do” spirit. A master of home repair and a devoted father and grandfather, he taught us that anything worth doing is worth doing right. Though he has now “gone fishing” one last time, his guidance and love remain our compass. He rests now with the honor he earned, having finally found the perfect spot where the water is calm and the fish are always biting.
