“ The world lost a kind and decent man on the 29th of June, just 20 days after he was diagnose with leukemia. I am only half because Lyle died and I miss him terribly. They say it gets easier, BUT? I am just going to pretend he went home to Iowa where his family lives. He is survived by numerous cousins, two nephews, a niece and their families. He was a large spirit who loved life and lived it well. He was adventurous and told stories of his adventures, which were all listened to with such interest because all of us will never in our lifetime have occasion to do the same. It is a shame that the record of our lives isn't written in the sky for all to see of a life well lived. He loved to tell jokes and felt the world should laugh. When we married nineteen years ago he said "When you marry, you should overlook your spouses ten worst faults". Well I had forty, and he overlooked those as well. He had a Dixieland song in his heart, danced since he was five, and loved being alive. He really missed the passing of his old friends, but now he is with them telling his jokes and having a good laugh. Goodby Lyle, you will always be with me. Kat Lyle would want donations be made to the Cancer Society in Lieu of flowers. He sold Cancer Insurance for all his years with Aflac and many of those close to him died of Cancer, his first wife, a Fiance, his father, and sister and himself.
