“ *I knew Mark from his time at Tri-Met during my 37+ years there. In all that time, I never heard anyone say anything bad about Mark, which speaks volumes about him and his character. I'm sorry he's left this life for a new adventure but feel that he was met with open arms in the heavens. I wish his family the very best as they move forward, remembering Mark as the man he was, and making him proud.*

“ *Mark was a friend and coworker for 15 years at TriMet. He would have never wanted a bunch of long faces at his memorial. He would have rather we were all out playing golf, where we would all lose to him! Thank you, Mark, for your years of comradeship and help.*

“ *Mark was a very special person who deeply loved his family. He had the biggest heart. His love for golf was something else. He always told me a story of his run in with Tiger Wood. He was very caring and loved life. You are missed Mark. You have left an empty place in my heart.*
