I will always be thinking of you Mike Love you man. RIP Brother and may God give your family strength and guidance to know that he will always be watching over them with love. “ I met Michael as a patient in our clinic at the VA. During conversation about his health concerns I encouraged him to join a group I lead on healthy lifestyle and nutrition. He showed up and quickly became a valued member of the group and life of every meeting, encouraging his Veteran brothers and openly sharing his struggles and successes. During a meeting he mentioned to me that he had the joy of reuniting with his estranged daughters and how nervous and excited he was. He got tears in his eyes and confided that he had not been there for his kids and how happy he was to be asked to be at his daughters wedding. Michale was so glad that he was able to meet his little grandson and was so happy to be a grandpa. I worked closely with Michael for several years, he was a patient and friend. Michael, Rest In Peace my friend. Thank you for always bringing a smile and your fierce sense of advocacy to others. I miss you big guy.
