“ *Nance Bray has always and will always hold a very special place in my heart. I first met her as a child when my family had moved from the Seattle area to the Portland area and she and Tom filled the part of "Grandparents" while mine were far away. I will never forget her yellow Camaro, her suntanning in the back yard, and the time she helped my parents plan a scavenger hunt for me on my birthday. Rest in peace Mrs. Bray... you have earned it.*
