“ *Nancy was a dear friend and will surely be missed by all her friends and family. After she moved from Fresno to Oregon and I moved from Fresno to Lincoln, CA we loved to talk on the phone about the latest book(s) we were reading, what new recipes we were trying that we'd gotten off the cooking channel, and of course how we both still enjoyed doing the word jumble and crossword puzzles -- and also sharing Maxine jokes. Good bye dear friend. Ginny*
