“ *I have so many fond memories of Aunt Nelda. I was always excited when she & Uncle Bud would visit (especially when they arrived carrying a bucket of Kentucky fried chicken!). I also loved to go out to their place & remember a couple of great camping trips with them. Aunt Nelda was a fun aunt—warm, caring, and had a beautiful smile. She had a way about her that always made me feel valued, special & included in the circle of women. I didn't see her as often once I grew up, married & all. But I looked forward to family gatherings & seeing them there. Dave & I share your loss.*
