“ *All my love support and prayers to my family .
Richard's passing leaves me with a sad heart. Richard will always
be there in my fond memories of times spent together that mean so
much to me.
I pray his entire family can find strength peace and comfort knowing
Richard is safe now.
I wish I could have been there not only today but to help in anyway
that I could have. Distance in miles dosnt always mean there's
distance in your heart.
God bless all of you the entire family your all in my prayers. I hope
that Richard's family may find peace and comfort.

“ *My condolences to the Jeli family.*

Fond memories of my good friend. Rich was a gentle soul. A caring soul who enjoyed a good conversation with humor and clever observations. A great role model and mentor for me during my 5 years working with him at Steelcase. He brought deep technical talent and leadership to the company, but most importantly was a fantastic friend to work with. A great man. RIP

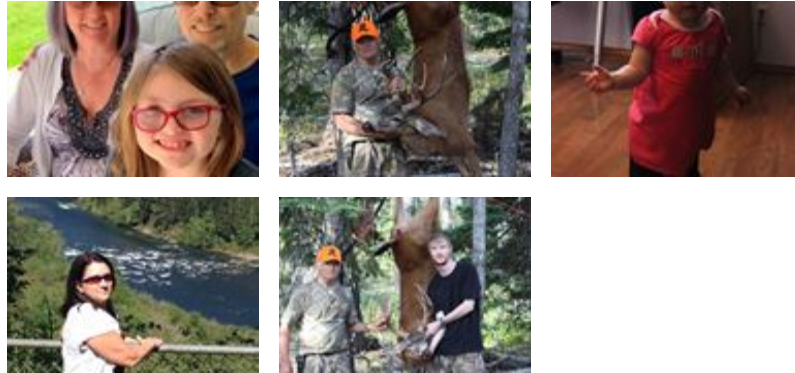

I share Rich's profile photo from work and I smile.

“ *Rich hired me 14 years ago to work at Yakima, and I worked with him directly for several years. We stayed in touch after he moved on, and I always appreciated his advice and practical approach to work. I've been reflecting this week that he literally changed my life by giving me the opportunity to change jobs and align with a company that has been a good fit for such a long time. He'll certainly be missed.*
