“ *In 1973 you & mom had Gary & I, then went your separate ways a few years later and remarried. You could never be replaced because your my dad. You supported & encouraged me to continue my education after high school and still this day I'm continuing my education, so that I too can support my family like you did.*

In 1995 I met a man and you 2 hit it off (which is every daughters dream & you approved of him). On August 24th, 1996 you walked me down the aisle and gave me away to the man of my dreams.

On April 13th, 1996 & October 31st, 1998 you & MaryJo became Proud Grandparents of 2 boys - Nicholas & Trevor. You would call them your Noodles. You would have them stay with you at least 1 or 2 weekends a month which was great.

You were a GREAT Dad and Grandpa. You are in my heart & mind forever -- you'll missed and I'll see you again. God Bless You!

I LOVE YOU DADDY!!!

Love your daughter.

“ Mr Gene,
I'm not ready to say good-bye yet, but I guess you did it for me. I met you at Pub East 32 year's ago and you married my little sister, and I'm so glad you did. Gene you never judged anyone and always took them for them. You were one hell of a person, and I will love and miss you forever. Watch over Jo for us OK!

“ Gene, where to begin. You brightened our lives with your laughter and especially the love you showed to your family and especially Maryjo, I hated to share you with her, but you proved over and over again that you loved her with all your heart and you made her very happy. That is all a best friend could ask for. Rest in Peace Gene, you were loved a lot and will be missed. What I will miss most is calling the house and hearing you yell at MaryJo that your good-looking girlfriend was on the phone, she always shook her head and laughed at you, you were her knight and she loved you very much. We will watch over her and you watch over all of us!

“ I worked with Gene since 1980 at Beaverton Packaging and now Alliance Packaging. I'm the Accounting Manager so I worked with Gene in his managerial functions for a lot of years. When Gene took the Maintenance Manager's position, FINALLY, someone that knows how to fill out a purchase order! Gene, you were my hero. I could tell Gene always tried to "get it right" in all of his dealings with the accounting department. He took great pride in getting the job done correctly, as well he should because he did a great job. You've been missed here and I'll continue to have fond memories of working with you. Thanks for the use of the maintenance shirt.... I think I made a good maintenance man. Cathy

“ You were a blessing to your family and friends and brought laughter to the world. I remember your visits and motorcycle rides with my dad. He always loved having you around. I am sure almost everyone will mention the Big Gulp that the children were never allowed to touch. We miss you.

“ Gene, Its hard for me to talk right now because I already miss you so much. Your spirit will always be with me because of all the crazy little things you used to do that would make me laugh. Like when all the brothers would be partying and having fun and once you left suddenly all our bic lighters would be gone and we would all laugh and say "there goes Gene again" and we would all giggle.

Or the times we would go dirt bike riding and we would get so messed up that we would lose track of time and place and something funny would happen and it was always because you were there.

I am glad I could be called your brother because you were the best and I have all the best memmories of my life because of you. I miss you already and hope that your looking at us and saying "don't cry, laugh, pull some jokes and have a good time when you think of me." and I sure hope we will.

Love,
Lloyd

“ Uncle gene I dont know where to start!!! You were by far the best uncle anyone could ask for. From the time you showed us how to air up a raft with your muffler,to the time you gave us your seagrams 7 in laughlin when we were only 17 looking for some fun! You were the one who always treated us kids like we werent kids...

Or the times me and eric rode around with you and dad on your motorcycles when we were 10. You knew how to enjoy life,and embrace it!!!

you are gone far too early,but you know what they always say! Only the good die young!!!!

May you rest in peace and may you watch over your family!!!

Ps tell grandma and grampa I said hi!!!!

“ MJ and family, Our thoughts and prayers are with you and your family. There is so many memories of Gene that would just fill pages, to pick a favorite is impossible, to say that when you saw Gene you saw a Big Gulp would be true, but you would see his smile, hear his laughter and know that you had a friend for life. I know that he is riding his Harley and has the best restoration shop around. He will now be everyones gaurdian angel.

“ In memeoery of my Uncle Gene Faber. Gene was one of my favorite uncles. I always like the fact he was into motorcycles, classic cars and lived to enjoy life to the fullest. He loved his family and cared for everyone that was a part of his life. I think he very much approved of my choice of the love of my life, my wife Paige, as he was always very complimentary to her! I feel blessed to have been a part of Genes life and he will forever be remebered as my Uncle Beaner. May he rest in peace, We love you Gene!

You will be always be loved and missed, I know that the good lord has a plan for you in heaven and you can now look over each of us from above. Thank you for being you and being the best brother anyone could ever have.

I need to be honest with you now, and tell you that when we were walking to school one day and I told you to pick up the pretty little kitty that I knew it was a skunk, besides you needed to burn those clothes anyway....

I have such fond memories of you, and us as a family and thinking of you always puts a smile on my face and a warm feeling in my heart.

“ Unlce Beaner! We are all going to miss you! You were the strong silent kind. Always a silly smile like Grandpa had. Thank you for all the quarters. Not sure when or why we started that tradition, but I always knew when I saw you with your big gulp at holiday gatherings, I was sure to get 25 cents richer! :) Look out for all of us up there. And tell Grandpa and Grandma hello!!!

“ You were a great brother in law. You will be greatly missed. I know you wanted to see a gecko (lizard) when you came out to Florida but it was so cold at that time in the high 70's they went under cover to get warm, but you will see plenty of them in Gods Kingdom.
