“ Aunt Jean, Larry, Dwayne, Suzy, Kenny, Jay, Jill and Mike, I want to thank you for sharing Uncle Roy's memorial service with us yesterday. The opportunity to see and catch up with many loved ones, hear and share stories of really precious times and to laugh and reminisce was something beyond measure. It provided a balm to many hearts including my own, and evoked so many wonderful memories of the way that I want to remember Uncle Roy. Your love and devotion to him is so palpable and such a testament to the wonderful husband and father that he was. Uncle Roy was an amazing man and will live forever in our hearts and memories. May you be comforted and blessed during this time of saying goodbye and in the days to come.

Love, Diana

“ Dad, one of the most important things a father can leave behind is his legacy. But the MOST important thing you left me was knowing that you had excepted the Lord as your personal savior. This is what helped me the most in your last days on this earth. Thanks for all that you did and the love you showed me. So keep the worms handy and the motor running and when the Lord calls me home we'll do some fishing. Your #3 son

“ *The picture I carry in my mind of Uncle Roy is of a happy man ~ always with a twinkle in his eye and a smile on his face.*

He was warm, kind, and had a way of making people feel special.

One of the things I know about my Mom is how much she loved her brother ~ so much so that she named her only son (my brother, Roy) after him.

My favorite childhood memories are of holidays spent with him and Aunt Jean and all the cousins.

Aunt Jean, Larry, Dwayne, Kenny, Jill, Suzie, Jay, and Mike ~ I am so sorry for your loss. It was obvious to everyone how much you all loved him, and how much he loved you.

Even in your loss, how good to know that, through your faith, you will be with him again some day.

Love, Debby

“ To me, Uncle Roy was always larger than life. Only part of that had to do with his towering frame though. It was his heart that made him so huge to me - always open and loving. Even his heart had a twinkle in it, just as his eyes did. Uncle Roy and Aunt Jean's home was always a flurry of activity and fun with kids, relatives, neighbors and friends everywhere, yet always room for more. Plus they had a real coke machine in their home...how cool was that to a kid? Uncle Roy you'll be greatly missed here, but someday we'll see you again. Thanks for the memories and for being such a wonderful Uncle. I love you.

“ Tomorrow we celebrate my father's life. We will walk down memory lane sharing snap-shots in time with friends and family.

Our father will be smiling down from heaven, taking notes and enjoying this time.

My dad lived well, laughed often and touched many.

I miss you Dad but your smile and love for me will live on forever. Rest peacefully and send butterfly kisses when you are not playing cribbage with Grandpa Wilber or listening to Grandpa Guisinger playing the harmonica. Love, Jill

“ I loved my Uncle Roy. His home was the place to be when we were growing up. It was full of love, laughter and acceptance. He gave hugs freely and his personality was bigger than life. He will be greatly missed and his absence will leave a very empty spot in our family. Good bye Uncle Roy. I love you.

“ Roy was a loving, protective, and generous hearted brother and friend. He had an unforgettable twinkle in his eye and a delightful sense of humor. He was one of the kindest people I know...I am so grateful to have had him for my brother. He will live forever in my heart.
