“ *You are missed Sister. I think of you everyday and wish you did not have to go so soon. No one can measure up to your kind and giving ways. You made an impression and impact on everyone your life touched. I am so glad you are my sister! You are in a special place and for that I am grateful, but selfishly wish you were here. Jan*

“ *Theresa was my locker neighbor and good friend while I worked at Benchmade. She worked in a different department than I did but we always met up at our lockers in the morning and had quick conversations before the start of the day. I would joke with her that her locker was a little store because she had everything you needed in it. I am glad I was able to talk to her before I left Benchmade and I told her how much I enjoyed working with her for six and a half years. Theresa my friend rest in piece.*

“ *Theresa was such a loving neighbor and friend. She was always glad to see me and loved our 3 kids, always asking about them and wanting to hear about them.
What a true gem she was.
