

## Travis Levi Wright

May 16, 1984 - September 14, 2021

Travis was born, and lived most of his life, in Oregon City. He was a beloved friend, coworker, brother and son. He will be missed by everyone who knew him.

Growing up Travis was an excellent student. He loved learning foreign languages, especially French. At home, Travis loved playing games with his family and watching Star Trek. In the summer he enjoyed swimming at the community pool with friends. He also earned the rank of Eagle in Boy Scouts and was a TAG student. Following high school, he attended Western Oregon University.

After school, Travis started working at Bridgeview Women's Health. Travis was the voice of Bridgeview. He did the phone tree greeting and was the heart of the group. At Women's Healthcare Associates, he was an Analyst and recently took a position as Billing and Coding Supervisor.

Travis was the kind of friend who was always there for you. He remembered the little things about each person, which always made his friends and family feel special. He loved the Oregon coast, especially Lincoln City. It is there he always found peace and where his soul found a home.

Travis will be missed by everyone who knew him. The loss is felt deep and

wide in our community. Our world needs more people  
who love others the way he loved all of us here on Earth.
